## Heartworm Prevention Month

May is [Heartworm Prevention](#) month at H.O.P.E. for Animals. When dogs get bitten from an infected mosquito it can lead to blockage of blood vessels and turn fatal after a few months. Prevent this from happening by getting a free heartworm test done at our clinic when you purchase 6 months of heartworm preventative. This special can be taken advantage of through our spay/neuter or wellness clinic. All pets coming to our wellness clinic must be spayed or neutered and their is a \$15 office fee per pet. [Learn more](#) or schedule an appointment today by calling 260-420-7729.

## Precious NOT Parents

H.O.P.E. is spaying and neutering puppies and kittens under 6 months old for only \$20 in June. This is thanks to a generous grant from [Petsmart Charities](#). They may be just babies, but kittens as young as 4 months and puppies as young as 5 months are old enough to get pregnant. These precious babies shouldn't be parents at 5 and 6 months old. H.O.P.E. for Animals performs surgery on pets starting at 3 months old and has performed more than 9,400 pediatric spay/neuter surgeries since 2010. Call 260-420-7729 to schedule your appointment.

## Help H.O.P.E. Win \$50,000

We're excited to let you know that we're part of the [Saving Pets Challenge](#), a fundraising campaign launched by Michelson Found Animals. The organization that raises the most during the Challenge will get a \$50,000 donation to their cause. We really need your help to make it happen!

If you support our mission of reducing pet overpopulation please create a fundraising page and start raising money for H.O.P.E. Funds raised will be used to expand our Community Cats Program and allow us to save more lives. [Join](#) our team today!
